"Romantic and refreshing" Mhairi McFarlane. A hilarious new romantic comedy for fans of Lindsey Kelk, Sophie Kinsella or *A Year Of Being Single*

Abi's barely left her bed since Joseph, the love of her life, dumped her, saying they were incompatible. When Joseph leaves a box of her possessions on her doorstep, she finds a bucket list of ten things she never knew he wanted to do. Will completing the action-packed list - no easy challenge for the naturally timid Abi - be the way to win back her man? Or might Abi just have a surprise in store...?
